FEBRUARY 2016 NEWSLETTER

EDMO INFORMATION UPDATES

Our goal is to keep you informed. Our Newsletter will pass on updated information relating to Error Reports, Data Analysis Cards, Portal Tip/Guide updates, general information on new procedures by the Program Managers of GCSS-Army, Templates, Data Cleansing, etc.

FEBRUARY 2016 NEWSLETTER

EDMO INFORMATION UPDATES

Extended Schedule for SAMS-E File Submissions

The PM GCSS-Army has extended the window to submit SAMS-E DMP Files to seven (7) days. Even Fielding Groups may now submit starting the first Thursday of each month with the window still closing on the second Wednesday. Odd Fielding Groups may now submit starting the second Thursday of each month with the window still closing on the third Wednesday.

D-270 Pre-Recorded Kick-Off Briefing established by PM, GCSS-Army

PMO GCSS-Army has moved the D-240 Kickoff briefing to a recorded D-270 Kickoff briefing in GTRAC (See GTRAC Smart Book link below for instructions on how to register). Organizations have approximately 30 days to view the D-270 kick-off brief prior to their scheduled D-240 Pulse Check. The D-270 kick off brief can be found under the Wave 2 NET section under "As Required Courses within GTRAC". (URL: www.gcass.army.mil/GTRAC). This will be the avenue the PMO utilizes to confirm which organizations have viewed the D-270 kick-off brief within each Fielding Group and by Fielding Element. This training should be viewed by all who will participate in any portion of the GCSS-Army fielding.

Document for comparing the Data Staging Utility (DSU) Conversion Readiness Scorecard (CRS) Errors to EDMO Errors

Once an Organization hits their D-240, the lead for GCSS-Army Wave 2 data cleansing effort transitions to the Program Manager, GCSS-Army. They will produce a monthly DSU CRS for each Fielding Element and this report should be the organization's focus on cleansing Data Conversion Errors. Any customer will be able to pull their CRS by downloading it from the GCSS-Army Launch Pad (directions are below, "Retrieve Scorecard") in the EDMO Portal. The scorecard contains error reports equivalent to the EDMO "Data Conversion" errors on the EDMO Portal. The terminology/wording on the DSU Scorecard may

SAMS-E Data Submissions

Please be aware of the two files, a .dmp file and a .log file, created when creating a SAMS-E dump file using the GCSS-Army Dump tool. If you cannot see the file extension due to restrictions and/or lack of permissions in SAMS-E, please notify your supporting SASMO to have those settings adjusted. This will ensure you're submitting the correct file. Also, ensure the correct version of the GCSS-Army SAMS-E dump tool is being used for the current SCP loaded on the SAMS-E System. If you're not sure what SCP you are running, just click on the "About" tab on the SAMS-E home screen and download the version you need at <https://www.us.army.mil/suite/doc/43449661> (for SCP 13.01.09) or <https://www.us.army.mil/suite/doc/45461660> (for SCP 13.01.10). For full documentation on how to submit your monthly SAMS file, please visit https://collab.aep.army.mil/sites/edmo/gcssa/Pages/EDMO_Army_support.aspx (make sure to select your email certificate) under "SAMS-E .DMP Files".

TEMPLATE SUBMISSION INFORMATION

- All Template concerns/questions should be addressed to PM GCSS-Army by emailing usarmy.lee.hqda-asa-alt.mbx.gcss-wave-2-doc-ops@mail.mil
- Templates are sent out: Even FGs on 2nd Wed of D-XXX, Odd FGs on 3rd Wed D-XXX.

No.	Templates (Description)	Date Provide to Unit	Date Received from Unit
1	FE/UIC Structure List all customer UICs and other relationship information used to establish the organizational structure as well as to build Property Book, Unit Supply, and maintenance relationships	D360	D330
2	Maintenance Work Center Cross walk Unit specific SAMS-E work centers (Allied Trades, Automotive, C&E) to GCSS-Army standard work centers	D270	D240
3	Roles POS Mapping Used to identify where Roles and Positions/Authorizations are to be placed within the unit	D270	D240
4	Maintenance Relationship Identifies the DoDAACs of any and all Maintenance Activities to which the unit might evac work orders	D270	D240
5	UIC SLoc Switch Used to assign unit property and supply to a designated location for a PBUSE primary/sub hand receipt or commander tracked property	D120 and all DSU runs after	Prior to next DSU run
6	Work Order Crosswalk Used to crosswalk work orders in SAMS-E that cite an invalid DoDAAC/CFC combination not in the organizations GCSS-Army ZACCTASSIGN table	D180	Prior to next DSU run
7	Mandatory Training Approval To identify personnel with operator records in SAMs and authorize GCSS-Army to build the Required Commander's Qualifications at Blackout, Commander's interview, Accident Avoidance and Spring/Summer/Fall/Winter.	D60	D30
