**Movie:** *Amélie: Le fabuleux destin d'Amélie Poulain*, 2001, Director: Jean-Pierre Jeunet, Rated: R

Absolutely charming and whimsical tale delivered with true quality, attention to detail, and artistic genius. The story follows Amélie (Audrey Tatou), a solitary young woman who finds joy in small acts of spontaneous kindness and generosity. An unexpected and eccentric gem of a film; Amélie wins the viewer's attention with every quiet moment and benevolent act. Honored many times over for cinematic originality and quality; Amélie is one of the best foreign films of the modern era. If you enjoy small wonders, this film is for you. A perfect Valentine gift!
